I'm sure that everyone is doing a wide variety of things at home themselves. Please continue to explore opportunities presented in the home such as baking, scavenger hunts, walks and exercise, planting and growing, art and craft, to name but a few I have heard of. I would love if you could share photos with me of any activity you get up to at home.

When you submit activities/videos/ photos to me on Seesaw, they are private. I hope to make a slideshow with the pictures that you send to share with the class.
